Chamber Members and Friends,

Significant achievements in 2019 position the Effingham County Chamber of Commerce to maximize business connectivity, growth and success in the new decade. There is much to be proud of from our collective efforts in the past year. In rolling out a new tiered dues structure, the Chamber clearly articulated the value of Chamber membership - aligning member investment with desired levels of engagement. Hiring of a new marketing and communications coordinator further enhanced member communication and strengthened connections throughout the community. Finally, we have made extensive progress in building out the five curriculum areas of focus for the Effingham Regional Career Academy: Advanced Manufacturing, Agriculture, Technology, Transportation and Healthcare.

As we celebrate the successes of 2019, I would like to express my personal gratitude to President & CEO Norma Lansing and her staff for serving as tireless advocates for the region, and to all Chamber members for your continued support. It has been an honor to serve as your 2019 Board Chair and I am confident incoming Board Chair, Jeff Speer, will continue championing the Effingham County Chamber of Commerce's entrepreneurial spirit.

In service,

Josh Bullock
Effingham County Chamber of Commerce
2019 Board Chairperson

2020 BOARD OF DIRECTORS

Dear Chamber Members,

As I prepare to embark on my year as Chamber Chair for 2020, I think of myself 31 years ago when I first arrived in Effingham as the owner/manager of the newly opened Rural King. How was I going to meet people outside of my store that I lived at 7 days a week. My solution, I joined the Chamber, and it wasn't long after joining that our new Executive Officer of the Chamber (AKA Norma Lansing) said that I needed to be on the Board. Well, as most of you know, you don't say "no" to Norma.

What I found out is that through participation I was able to meet practically every business person in Effingham, exactly what I wanted to do.

Therefore, it is my job not just to get people to join and learn all of what the Chamber has to offer for you and the community, but to get you to participate and enjoy all of the wonderful people in this great Chamber. I look forward to meeting the new and the old members and sharing a laugh and some great stories.

As the classes to be offered are being finalized, businesses are offering input on the equipment and hardware needed to offer classes relevant to current and future local business needs.

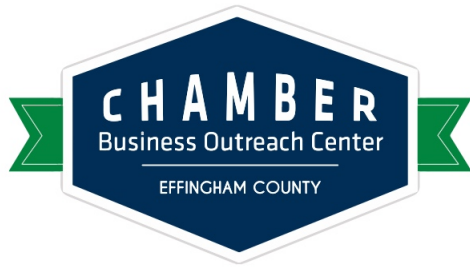

Intergovernmental agreements with school districts that will be sending students to ERCA is being finalized for approval by area school boards and planning for the ongoing operation of the facility is underway. Lake Land College is recruiting a Director of Effingham Educational Centers that will oversee the ERCA as well as the Kluthe Center.

Board members participated in a Strategic Planning session in July that outlined the need for the hiring of an ERCA Director, engaging more business and community leaders as well as educators, local school boards and technical experts to guide the curriculum development.

Plans are on target for completion of the Rural Development & Technology Center in Effingham in 2022 that will house the ERCA.

Effingham County Community Mapping Project

What Does Effingham County's Future Look Like?

Effingham County residents will be working on a strategic visioning and planning process starting early this year to create a long-range vision for the growth and development of the county and our communities with development of a plan of action to achieve our vision for Effingham County.

The project will bring local residents together to identify goals, strategies and projects necessary to move Effingham County Forward. A community steering committee has been formed and is working with the Illinois Institute of Rural Affairs at Western Illinois University to facilitate the process.

A series of five workshops will be held in March to identify where we are now, where do we want to be, how we are going to get there and the final two sessions will focus on making it happen with a workable action plan and organization of groups to begin implementation of identified projects. A county-wide town meeting will be held in the Summer to present their ideas and engage the community in making the vision a reality.

100 local residents will be participating in the March workshops. If you are interested in learning more or being involved, please contact Norma Lansing at nlansing@effinghamcountychamber.com, 217.342.4147.

BONUTTI
TECHNOLOGIES

Al's Tire Mart and Electronics

Al's Tire Mart and Electronics was established by Al Knabe in 1952 as a Mobile Oil Service Station in Teutopolis. They began offering automotive services at their Jefferson Ave. Location and what is now Lange Electric before purchasing a vacant motel where they currently operate. They sold products such as BF Goodrich Tires, appliances and lawn and garden equipment which then transitioned over to electronics sales in business. Eventually they began dealing rear projection televisions and Ameritech phone service and expanded their current building to accommodate for more automotive service bays.

Al's Verizon opened a second location on Keller Ave. in 2007. In June of 2017, they acquired Unified Mobile and since have increased the Verizon footprint from 2-8 stores in just under 2 years.

Al's Home Entertainment specializes in home theater and audio technology offering custom installation for residential and commercial applications. They offer other services including Smart home integration and Dish Network services. Their goal is to focus on technology products that will enhance everyday living and provide a richer entertainment experience.

Al's Automotive Services is where the entire company began. It is the longest tenured shop in the community, servicing the area for over 65 years, offering a full line of mechanical services on top of being a fully functional tire retail center.

The keys to the success of Al's is applying solid values to each of their endeavors. They also surround the company with individuals that desire progress and want to participate in the evolution of an ever-changing technology. They believe in being integrated with their community and helping the residents in the areas they serve identify technology as a benefit and not a hurdle. Their core belief though is to create a culture that puts customer and premium products first.

Al's Tire Mart has been proudly serving the Effingham area since 1952. Albert Knabe started Al's Tire Mart with family in mind, and carry on that tradition to this day. Al's has progressed from being the leading tire dealer and installer to offering total vehicle repair, service vehicles that come to you, state of the art home theater sales and installation, authorized DISH and Verizon Wireless retailer, and eight locations in Effingham, Newton, Casey, Lawrenceville, Flora, Hoopeston, and Watseka to serve central Illinois.

HSHS St. Anthony's Memorial Hospital

HSHS St. Anthony's Memorial Hospital is proud of its long-standing dedication and commitment to quality, compassionate health care in the Effingham community. Since 1875, the health care needs of the sick and poor have been met by the Sisters, Medical Staff, colleagues, and volunteers of St. Anthony's Memorial Hospital. The hospital serves the Effingham community and the south-central region of Illinois with a combined population of over 250,000 people.

A fully accredited not-for-profit general acute care health facility, St. Anthony's is an affiliate of Hospital Sisters Health System (HSHS) a multi-institutional health care system comprised of 15 hospitals and an integrated physician network across Illinois and Wisconsin. The hospital has 133 licensed beds and a workforce of over 800 colleagues, and is one of the largest employers in Effingham County. St. Anthony's approach to health care combines the compassion and human touch of more than a century of caring with the most modern technologies available today.

Health care looks nothing like it did 140 years ago when the first three Hospital Sisters of St. Francis came to Effingham to begin providing care. St. Anthony's now has technologies that were never even imagined when the hospital was founded, such as the da Vinci® Robotic Surgical System for general and gynecological surgeries and the MAKO® robotic arm for joint replacement surgery. At the hands of the hospital's talented surgeons, this advanced surgical technology helps decrease patients' pain post-operatively and shortens their hospital stay so they can return home quickly and get back to their active lives.

HSHS St. Anthony's Mission is "to reveal and embody Christ's healing love for all people through our high quality Franciscan health care ministry." As a demonstration of this Mission focused on high quality combined with compassionate care, St. Anthony's is proud of being recognized by a number of national organizations:

- The Joint Commission's Gold Seal of Approval® for Advanced Certification for Total Hip and Total Knee Replacement – for Joint Commission-accredited hospitals, critical access hospitals and ambulatory surgery centers seeking to elevate the quality, consistency and safety of their services and patient care.
- 2019 IMEC Silver Award for Excellence by the IMEC Recognition Program – granted to those organizations who demonstrate effective, systematic, well-deployed approaches that respond to the overall requirements of most Baldrige Framework for Performance Excellence criteria items and are aligned with organizational needs.
- Illinois Health and Hospital Association (IHA) Innovation Challenge: Partners in Progress Award – for commitment to patient safety and quality.
- Blue Cross and Blue Shield of Illinois Blue Distinction Center for Knee and Hip Replacement, part of the Blue Distinction Specialty Care program – for having shown to deliver improved patient safety and better health outcomes, based on objective measures that were developed by Blue Cross and Blue Shield companies with input from the medical community.

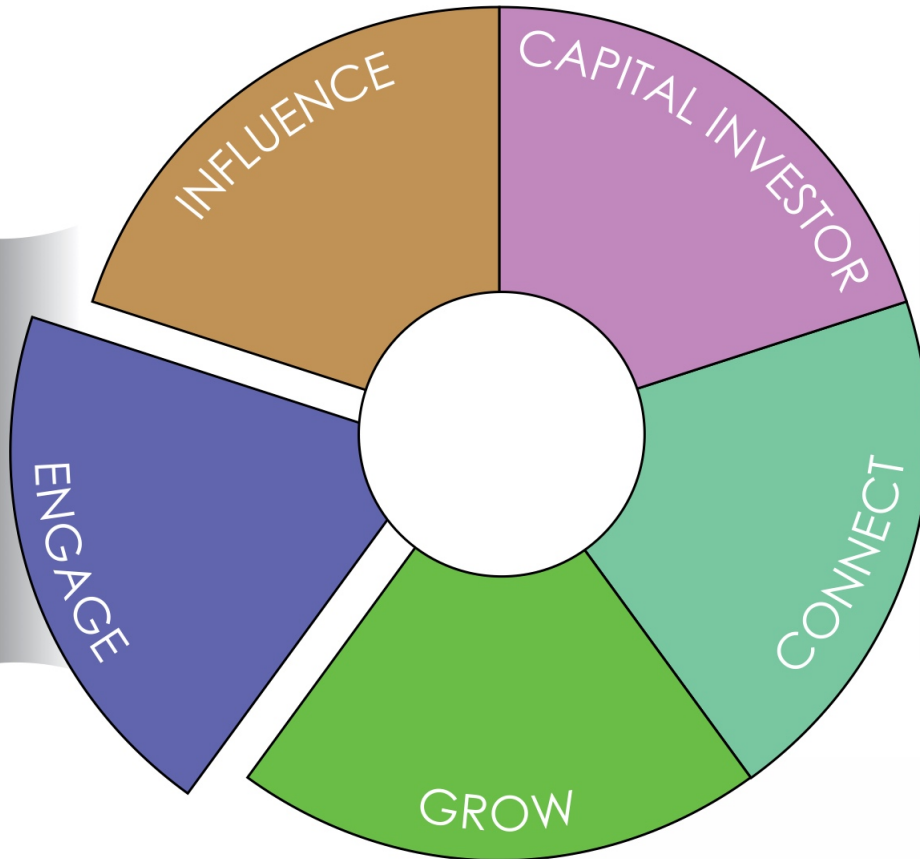

The commitment of hospital colleagues and physicians, and the collaborative nature of this community allows HSHS St. Anthony's to grow, continually enhancing the care provided to the region. St. Anthony's is proud to be the area's hospital of choice and will continue making a difference in lives of all those that the hospital is honored to serve.

Networking opportunities that *suit* you!

Networking is one of the many reasons that businesses choose to join a Chamber. The many events and activities that exist throughout the year allow members countless opportunities to connect with other local professionals. From the routine to the special occasion like a ribbon cutting or groundbreaking, the Chamber helps you spread the word. A wide variety of advertising and sponsorship opportunities are available to fit any budget.

Chamber involvement is not a matter of one size fits all, which is why we offer so many different involvement opportunities.

It's not about trying to attend *everything*, rather it is to find the activities that work with your schedule and interests.

Popular recurring events are the ***Business After Hours***, which happen in the evenings, the ***First Friday Luncheon***, occurring monthly over the noon hour and ***Coffee & Connections***, which is a bi-monthly event taking place in the mornings. These are three different events, occurring at different times of day, all with different structures, but *all* are excellent opportunities to connect.

To view and register for upcoming events, please visit us at www.effinghamcountychamber.com

Crossroads Bank is a true community bank! We are locally owned and operated, and have two locations, both are conveniently located in Effingham. The bank was chartered in 1973 with our first facility on South Banker Street completing construction and opening in 1974. The original location was very successful and, in order to better serve the community, paved the way for the bank to build their second location

in 1987 on Keller Drive.

Crossroads Bank's dedicated staff is both inviting and friendly. This allows our customers to connect with the bank on a personal level. The bank's Board of Directors are local business people who know our community and understand the people who live and work here. They understand the importance of the services that the bank provides, and they embrace the accelerating changes in today's technology which allow us to serve our customer better.

Crossroads Bank is serving the community in many ways. We have lending options for residential and commercial mortgages, equipment loans, working capital loans, HELOC's (Home Equity Line of Credit), and loans for vehicles and personal needs. The bank also offers Trust and Brokerage services for individuals, families, and businesses. Basic banking services include wires, merchant processing, notarizations, online banking, mobile banking, balance reporting, EFTPS (Electronic Federal Tax Payment), depository transfers, ACH debit and credit origination, and much more! We also offer various accounts including Checking (Blue Chip, Basic Blue, Coffee Club, Money Market, and Business), Savings (Vacation Club, Christmas Club, Read for Dollars -savings account for kids), HSA (Health Savings), CD's/IRA's, safe deposit boxes. Debit cards issued for use with your account can be printed in-house!

Crossroads Bank recently completed the renovation of the north half of our Banker Street facility. Teller workstations have been lowered and allow the customer to be seated while completing their transactions. We also changed the look of our offices entrances to provide a more inviting atmosphere. Beginning January 2020, we will start renovating on the south half of our Banker Street facility and plan to have an Open House in June for all to come and see.

To keep up with all our news, community involvement, and upcoming renovation, you can follow our Facebook page or our website (www.crossroadsbank.com).

On November 15, 2019, Dieterich Bank celebrated 110 years serving its customers and communities in both consumer and commercial markets. In addition to our 110th birthday, we celebrated being named one of the Best Places to Work in Illinois, which also reflects the dedication Dieterich Bank has to our employees.

As we look to 2020, we will soon be expanding with a new location in Edwardsville, IL. The bank that originated in 1909 with two employees in the Village of Dieterich has grown to include 135 employees and soon to be nine branches in Effingham, Jasper, Fayette, Randolph, St. Clair, and Madison Counties. We have grown tenuously over the years, but our community values will always stay true.

John Boos & Co. continues to lead the way and hone their craft in custom stainless steel equipment fabrication for stadiums, restaurants, culinary schools, and the foodservice industry. A sampling of the projects quoted, designed, fabricated, and completed in 2019 include: American Countess Riverboat, Loews Hotel – KC Convention Center, Pennsylvania Convention Center, Amarillo Ballpark, Coastal Carolina University Football Stadium

& Talladega Speedway. Boos has the capacity to fabricate and wire UL Listed Custom Built Foodservice Equipment such as Chef Counters, etc. and are strongly dedicated in working with their customers in designing value with food safety in mind.

Making equal leaps and bounds on the wood side of the business, John Boos has discovered exciting new scientific research, with the help of the University of Illinois, that adds further credibility to the hygienic benefits of using Boos Block® cutting boards. Application of the antimicrobial Boos Block Mystery Oil and Board Cream create a hydrophobic surface allowing the bacterial fluids to bead up off the surface of the wood, thus reducing interaction time with the bacterial liquids have with the board. Any remaining fluid is absorbed into the fibers of the wood, where the naturally occurring enzymes kill residual bacteria in just three hours.

Currently, nearly 300 creative, intuitive, skilled and eager to grow men and women in Effingham County and surrounding areas have found engaging employment at John Boos & Co. offices and manufacturing operations.

Transformation Starts Here.

At Dale Carnegie, we help people from all walks of life become fearless. Whether they're starting out or stepping up, we sharpen their inner voice so they can use it with confidence to get the most out of their life and their work.

Our programs show people how to communicate in a way that draws others in so they can form closer, more rewarding relationships in their personal and professional lives. As they gain greater influence with the people around them, they'll come face to face with more opportunities to make meaningful contributions in the places that matter most.
