The First Friday Luncheon is a great way to get out of the office and enjoy the company of other Chamber members. Being a First Friday Club Member has a lot of great perks! Not having to sign up and pay each time you go is very convenient. I have met a lot of great people on a personal and business level! You also get the opportunity to sit through a short presentation of a member in the community. Great event!

Senior Project Manager, Farnsworth Group, Inc.

I highly recommend the First Friday Luncheons to all Effingham area business professionals. It's a quick and easy way to network, establish new business contacts, and also have lunch with some familiar faces. The monthly presentations offer great insights to other businesses and happening around town. I find it mutually beneficial on a personal and professional level to learn more about the community within which we all live and work.

I love attending the First Friday Luncheons. What a great way to get out there and network with other business professionals and put a face to a name. I also find all the speakers to be very informative and can't say enough about the staff with the Chamber and the Keller Convention Center who make these lunches fun and relaxing.
