*Hello Friends,*

As I enter into my second year with the Chamber, I am excited to see what 2023 holds for Effingham County and the Effingham County Chamber. The Chamber is committed to providing exceptional resources this year and will continue to be a champion for our members.

Along with the valuable Membership Directory and Chamber Resources, this issue of the Chamber 360 Magazine will feature business spotlights. You will also learn about the many achievements our members experienced in 2022.

In our dedication to make Effingham County the place to live, work and do business, the Chamber will continue to participate in PAVE (Promoting a Vision for Effingham County). We are looking forward to being a part of the vital work the PAVE

Action Committees have in store for this year. If you haven't already met PAVE Project Coordinator Brittany Sunderman, stop by the office and say hello. Brittany will be with us through July 2023.

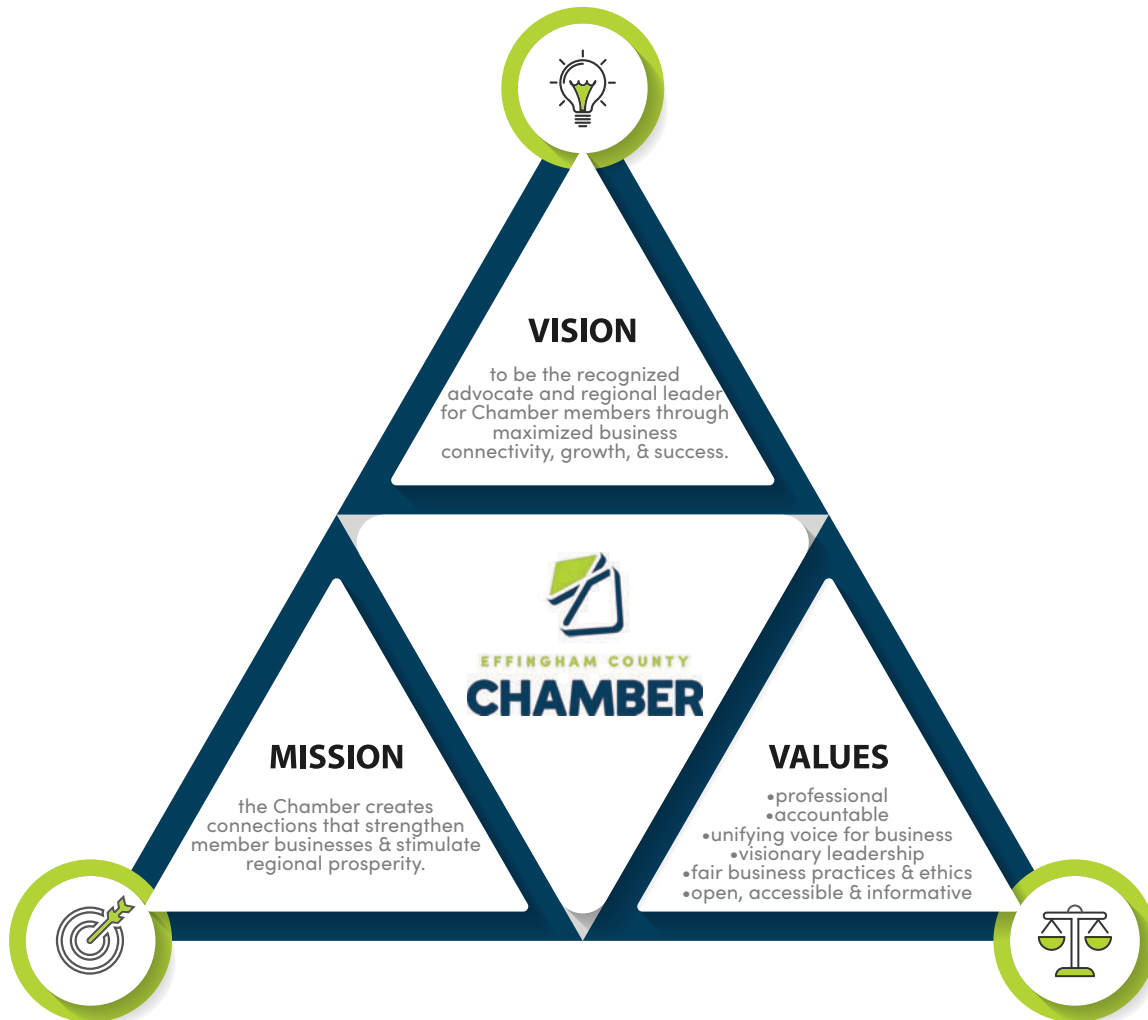

As always, reach out to me or any of the Chamber Staff (Becky, Nicole, Jamie, and Jeff) to see how we may be of service to you and your business.

Best wishes for a prosperous 2023!

**Lucinda Hart, CAE, MBA**  
Effingham County Chamber, President & CEO

### THANK YOU!

Capital Investors for your unwavering support to the Effingham County Chamber, its initiatives, members, and staff. Your continued investment in the future of the Effingham County community is recognized and appreciated.

Chamber Members, Staff, Board, and Friends, You guys have made this last year extremely joy-filled and productive. I am thankful you trusted me to lead an organization that will help keep us relevant into the future.

After spending lots of time with different committees, staff, and board meetings, I am amazed at how many advocates our businesses have daily working on our behalf.

If you don't see your membership's value, I will encourage you to engage with the Chamber. I am in awe of the significant volunteerism of Chamber board members, committee members, and ambassadors. Thank you for allowing your employees to support the Chamber. I hope this returns you a hundredfold.

I would encourage you to stay vigilant to evolve your business as our economy demands. The Status quo is often indicative of near-term turbulence or business decline.

**Chris Swing**  
Effingham County Chamber  
2022 Board Chair

Dear Fellow Chamber Members, I am thrilled to begin this year as the incoming Chamber Board Chair. I am passionate about the mission of our organization and am eager to get to work supporting our members.

I want to take this opportunity to congratulate Lucinda Hart on her leadership for the Effingham County Chamber and to thank the Chamber staff for their commitment to making our Chamber one of the best in the state and the nation. Over the last several years serving on the board, I have been able to learn more about the Chamber leadership role from Jeff Speer and Chris Swing. Thanks to them for serving as the last 2 Board Chairs and mentoring myself along the way. Together they have done an amazing job in leading the Chamber. I am proud of the successes that have been achieved so far and am committed to continuing the progress that has been made.

As a business owner myself, I understand the challenges faced by our members. In the next year, we will work together as a Board to ensure that all

members have the necessary support and resources to be successful. Some goals for the upcoming term include increasing structure within the Board committees, increasing engagement of the rising generation in Chamber activities, and focusing on core strategies and values to assist member businesses.

I look forward to working with each of you to ensure that our Chamber is the best it can be. We will continue to make a real difference in our community, and I am excited to be a part of it.

### TESTIMONIALS

"I chose to volunteer my time with the Chamber because I want to be a part of something bigger than myself. The Chamber provides great opportunities to give back to the community and for my own personal & professional growth. Not only does the Chamber allow one the opportunity to meet so many great business leaders, company support staff and entrepreneurs, it also provides the education and support to expand your knowledge in many aspects of business operations and of what resources we have here locally in Effingham County. Being a member of the Ambassadors and the Membership Development Committee allows me the opportunity to share my personal experience with current and potential members and to support the efforts to bring value and excitement to what the Chamber membership is all about."

**EC-JOBS** (Effingham County Job Opportunities for Business Success) is a web-based program for businesses to share jobs within their business, the skills needed to be successful in those jobs, as well as an avenue to apply and interview for those jobs. It is specific to Effingham County and unlike other job search engines, EC-JOBS focuses on local employment opportunities.

EC-JOBS serves as an educational tool for our youth and adults as they learn more about employment opportunities and what skills, education, or certificates may be required for these jobs.

For more information, contact Effingham County Chamber Workforce Development Director Jeff Fritchtnitch, at (217) 342-4147 or visit [ECJOBS.org](http://ECJOBS.org).

## EffingHAM-JAM

Proceeds from the Effingham County Chamber's EffingHAM-JAM support the Chamber Foundation's Scholarship Programs. Presenting sponsor, Koerner Distributor, Inc., successfully welcomed the community, vendors, hometown BBQ competitors, and professional BBQ teams back to downtown Effingham for EffingHAM-JAM in the summer of 2022.

EffingHAM-JAM would not be possible without the support of many area businesses and organizations!

**Mark Your Calendars:** 2023 EffingHAM-JAM will be held Friday, July 21 in Downtown Effingham.

**Workforce Development** – Attracting and retaining key employees is crucial to the success of employers locally and around the country. The Chamber's Workforce Development Division's goal is to ensure a stable employment base for the area. This goal brings employers, educators, students and other community resources together to identify opportunities and create connectivity between employers and potential employees.

The entry point to employer/employee connections is the Chamber's website [EffinghamCountyChamber.com](http://EffinghamCountyChamber.com) and the Chamber's Foundation workforce development initiative - Effingham County Job Opportunities for Business Success ([ECJOBS.org](http://ECJOBS.org)).

Whether a job seeker is looking for that first job opportunity, thinking of relocating or considering a career change, the Chamber and the Chamber Foundation are the key places to begin their search. Employers can use the Chamber's complimentary Job Postings to attract qualified employees and find additional resources. A comprehensive web platform can be used by students to research local job opportunities, training, and certification.

An emphasis on helping local employers attract and retain a workforce will be the focus of 2023 initiatives. In conjunction with the City of Effingham, the Chamber will be hosting a job fair once a quarter in March 2023. Visit the calendar of events section on the Chamber's website for more information.

### Effingham County

The Effingham County Board is the legislative body of County Government. It has nine elected members, each representing a geographic district within the County. Each district is currently composed on average of just under 4,000 residents.

The districts are adjusted every 10 years after the national census information is published.

The Board meets monthly on the third Monday of the month, except for Holidays. The Board also encompasses various committees that report and recommend to the board.

### The Effingham County Board:

1. Determines Real Estate Tax Levy
2. Sets and collects other local taxes
3. Delineates budget for all County offices
4. Composes, debates, considers, and adopts County Ordinances and Resolutions
5. Cooperates and interacts with Federal, State, and other local government entities
6. Conducts county wide business not specific to a particular department
7. Negotiates insurance and labor contracts
8. Enters into contractual agreements on behalf of the county
9. Coordinates with CEFS to provide Public Transportation.
10. Facilitates efforts between various departments within the county
11. Appoints all committee members

The Effingham County Board complies with the Open Meetings Act and utilizes Roberts Rules of Order in the conduct of all meetings. Stay informed and involved with your government. It works for you!

Trusted Compassionate Care

In November of 2005, Scott and Tina Brumleve followed their dream, took a leap of faith, and started Designs Unlimited in the basement of their home. From the start, this local community gave them the chance they needed! The business grew quickly, and in 2007 they moved into their current location at 201 S. Pearl Street in Teutopolis.

Designs Unlimited, Inc is a full-service merchandising company specializing in the sale of screen-printed and embroidered apparel and promotional products, including laser engraved items. They offer online stores, employee apparel programs, and select fulfillment services. Most apparel products are embellished internally in an effort to control both product quality and turnaround times, and they use high quality decoration methods, products and production machinery.

Designs Unlimited services school districts, athletic teams, and a variety of corporate markets across Illinois and parts of the Midwest. They have partnerships with a wide range of brands and vendors in order to provide a full variety of quality product offerings. Hundreds of hours are invested each year in product research & education, decoration techniques and methods, and studying new trends and products.

At DU, their goal is to help build "connections" through their product offerings. They connect companies to their brands, customers to their employees, and people to their communities and passions in life. They strive to build long-lasting relationships through positivity, kindness, dependability, and a superior end user experience.

In 2021, with a 3-year revenue growth of 112%, Designs Unlimited ranked on the Inc. 5000 list, the most prestigious ranking of the nation's fastest growing private companies within the United States. This annual list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses.

After several expansions and renovations to their existing facility, construction of a new corporate headquarters began in June of 2022. Their new facility will be located at 1106 W. Jefferson Street in Teutopolis, with an estimated completion date of March 2023. With the move, they'll gain much needed square footage and will also add additional presses and equipment!

Through these past 17 years of growth, DU has stayed loyal to their mission and values. DU is guided by these key core values:

- Give 110%**
- Be respectful and honest**
- Strive for Excellence**
- Do what you say, always**
- Invest time and talent into your communities**

Designs Unlimited is extremely grateful for the overwhelming support from Effingham County and the surrounding areas. To each of you, from the bottom of our hearts, thank you for your support! We are thankful beyond words for your partnership, and we look forward to a future with each of you!

*For more information about Designs Unlimited contact them through their website at [dunlimitedinc.com](http://dunlimitedinc.com) or reach out to them on their Facebook page.*

Jansen's Heating & Air was started with a dream and a vision created by Tom & Cindy Jansen. They started on a leap of faith with Cindy pregnant with their first child due in June they opened the doors for business on April 6th 1987. With some help from family and friends, they started Jansen's Heating & Air. What was then, just a rotary phone, a card table and a service van, is now 5 buildings in Effingham and 1 in Pana with over 20 trucks on the road daily to help their customers.

Tom and Cindy grew the business over the years expanding to over 20 employees and acquiring the business in Pana. Troy Jansen became the General Manager in June of 2016. Tom and Cindy were ready to start developing his skills to lead the company and eventually sell the business to him and his brother, Trent. In 2020, Tom, Cindy and Troy met with a company in Shelbyville to discuss purchasing the business. With consideration, they decided to purchase the company, Knearem's Home Comfort Center. This turned out to be a great acquisition and really helped boost their growth moving forward. In January of 2022, Tom & Cindy sold the business to their sons, Troy & Trent.

Today, Jansen's has a state-of-the-art training center they refer to as their Comfort Academy. They have their own trainer(s) and have over 30 members on their team. This Comfort Academy is now used to bring on technicians of every stage and help further their career and make them into superstar technicians. They also have a new warehouse that is strictly used for keeping all sizes of equipment in stock to provide their customers with prompt replacement and repairs.

With the success Jansen's has had they love being involved within their community and the communities they serve. Every October they partner with HSHS Women's Wellness Center and donate a portion to them while also wearing pink shirts every day through October. They also partner with Blessings in a Backpack and not only donate but also help deliver goods to the children's schools. Socks for seniors is another campaign that they do every November to be able to deliver cheerful, colorful socks to local seniors in nursing homes and assisted living facilities. They also help out with local sports teams, fund raisers and many benefits. Troy says it is a priority to give back to the communities that help support them.

Troy, Trent, Tom & Cindy all agree none of this is possible without their amazing and growing team and their incredible customers. Troy refers to the team as a puzzle and each member has their piece and without them, they wouldn't be as successful. With a great team comes great customers and they seem to have both! Jansen's Heating & Air is honored to be a recipient of the 2023 Excellence in Business award and cannot thank everyone enough.

**Aumann Auctions** is a family-owned business celebrating 60 years of personal service to its sellers and buyers. Starting in 1962 as an auction business serving their local community, the company grew to gain worldwide recognition conducting auctions across North America and Europe. The same family values that made them known and trusted in the small farming community where they began, have been maintained throughout their existence and are still a core element of their success today.

Aumann Auctions is a big company with a small company feel. They have helped thousands of families and collectors transition through an auction. They bring a new and modernized approach to the auction business. They excel at the business of representing and selling important assets. Just as important though, they understand the emotional and sentimental aspect of moving to the next chapter. They want each seller to get the most from their items and have an award-winning marketing strategy. When planning an auction, they work closely with the seller to determine an appropriate advertising strategy and a plan to get their items in front of the right audience.

In April of 2022, Aumann Auctions set a world record for the highest

selling tractor of all time. The 30-60 Case sold at their annual Pre-'30 auction for 1.47 million dollars. That was followed up throughout the year by many all-time highest price items.

Aumann Auctions does not only sell tractors, they can also sell a variety of assets such as farmland, real estate, business liquidations, firearms, cars and more – they can sell just about anything! They

have a diverse staff that specializes in different areas from heavy equipment and antique tractors to real estate, personal property and collectibles. They are made up of former museum directors, authors, social media and television influencers and subject matter experts. It takes a lot of time and effort to put a collection together. To do it justice, it should be represented correctly and accurately. No one in the hobby or auction industry has more experience and product knowledge than the Aumann team!

As the business is growing, the Aumann team is also growing which included remodeling and adding on to the business to provide more usable office space and a completely renovated showroom used for displaying upcoming auction items.

Aumann Auctions is a proud sponsor of the CEO (Creating Entrepreneurial Opportunities) program in Montgomery County. Entrepreneurship education seeks to prepare people, especially youth, to be responsible, enterprising individuals who become entrepreneurs or entrepreneurial thinkers and contribute to economic development and sustainable communities. The CEO program is much more than a textbook course. Rather, students are immersed in real life learning experiences with the opportunity to take risks, manage the results, and learn from the outcomes.

Aumann Auctions is proud to now be serving the Effingham and surrounding areas with their proven modernized auction approach. Jeff Schuppert, auction manager in the Effingham area, can help make your auction a success with his effective auction strategies. Their experienced team can help you in the right direction to get the most out of your items and provide you a seamless experience. The consultation not only gives them the opportunity to understand you and your assets but also gives you the opportunity to ask all questions about the auction process and what they have to offer.

*You can reach Jeff at (217) 821-4077. Aumann Auctions invites you to schedule a no obligation consultation if you or someone you know is looking to sell any assets either now or in the future.*

**Brücke Financial Inc.** (pronounced Brooka) means bridge in German. It is a fitting name for Brücke Financial, Inc as the true meaning of a bridge (in that it helps provide passage over an obstacle) is an effective metaphor in how many people face financial strategies. Whether the plan is as simple as a budget or as complex as finding customized investments within the alternative space, Brücke Financial wants to help bridge the gap for their clients.

Brücke Financial, Inc is an Independent Registered Investment

Adviser and embraces what it means to be a fiduciary. Their planners specialize in personal financial planning, business succession planning, portfolio management, farm succession planning and company sponsored retirement plans.

Brücke advisers are experienced in providing custom financial plans that navigate the challenges of today's world and help their clients reach their goals. As a team, the planners focus on long-term financial planning and have the ability to freely choose the investment options that best fit their clients' needs.

The retirement plan industry is quickly evolving, creating more options and benefits for business owners to decipher. Brücke advisers help

advise how to handle the increasingly complex fiduciary responsibility resting with the business owner while also providing the company employees with a robust retirement platform.

As an Independent Registered Investment Adviser, there are many things that set Brücke Financial apart:

- **No commissions** – Brücke advisers are not salesmen and do not make commissions. They are Fiduciaries and in the business of advice, not sales.
- **Fiduciaries** – Brücke advisers are legally and fundamentally obligated to make decisions in their client's best interest. The goal is simple – act in the best interest of their clients – not theirs.
- **No Revenue Sharing** – Brücke Financial believes in an unbiased screening approach instead of personal financial incentives clouding their Adviser's judgment. They do not take payouts to place their clients into any investments.
- **Fee-Based Structure** – Brücke only does better when their clients do better which puts them on the same side of the table as their clients.

• **No Hidden Fees** – Brücke Financial is fully transparent with their fees and runs their business as fee friendly as possible.

• **Independent** – Advisers at Brücke tailor their advice to each client's unique priorities. Unlike the national chains, they have complete flexibility and have no unnecessary restrictions imposed.

• **Client Education** – Brücke Planners believe client education is important to overall long-term financial health. They find the most successful plans happen when all parties understand their recommendations.

• **Holistic Financial Advice** – Brücke Advisers offer full service financial planning to aid their clients in every aspect of their financial health.

What started with one adviser has grown to a team with multiple advisers assisting clients across the country. Dick Hawickhorst, since retired, began advising clients in 1979 at their Teutopolis location. Since then, Andy Hawickhorst, Dick's son, joined the business along with Advisers Luke Doedman and Jenny Kinkelaar. Brücke Advisers are ready to meet with you today.

**The City of Effingham** had a variety of projects that took place in 2022. The Engineering Department had several Capital Improvement Projects that took place as well. There were many homes that were built, and many new commercial buildings that were finished. And, the Enterprise Zone Board created more jobs, as well as potentially securing a tax abatement on single family homes.

### Economic Development

The Effingham/Effingham County Enterprise Zone had a busy year. In 2022, the Zone saw 19 projects with almost \$14 million in investment and the creation of 62 additional jobs in the community. The Enterprise Zone Board also approved making an application to the Illinois Department of Commerce and Opportunity to add residential incentives to the Zone. The City worked with Effingham County, the Village of Teutopolis, and 16 other taxing bodies to offer a five-year property tax abatement on new single-family home construction and a three-year property tax abatement on new multi-family home construction within the Zone boundaries. Additionally, the Zone will offer sales tax exemption for all building materials on these projects and any housing rehab project within the Zone boundaries with a cost of \$50,000 or more. The Board's application has been submitted to the State of Illinois, and we hope to have formal approval soon.

### Capital Development

The Engineering Department worked on ten large Capital Development Projects last year. There were a total of approximately \$8 million spent on repairs for our city. You can view these projects and more on the City website at [effinghamil.com](http://effinghamil.com).

The following are some highlights of major projects for the last year:

- **Wastewater Treatment Plant Generator:** \$360,365
- **Boos Detention Basin Outlet:** \$357,852
- **Rickelman Standpipe Painting:** \$513,571
- **Industrial TIF Water Main:** \$663,887
- **Street Resurfacing Phases 1&2:** \$1,345,865
- **Heritage Avenue:** \$562,695
- **Second and Jefferson Reconstruction:** \$823,832
- **Sidewalk Replacement:** \$230,689
- **Bike Lanes and Trail Head:** \$66,511

### Housing Development

There were several new residential housing developments that were constructed in 2022. Permits were issued for 24 new residential structures, with an estimated cost of construction totaling \$13,464,928.32; seventeen new single-family residences were built for a total of \$10,354,428.32; and two single-family attached residences were constructed with an estimated cost of \$1,080,500. Five new multi-family residences were built totaling approximately \$2,030,000.

### Conclusion

The City continues to make improvements on multiple fronts, including new or expanding infrastructure, housing, commercial/retail, and industrial projects. We had a prosperous year and we hope for another prosperous year to come. We are also looking forward to the many projects that will help improve the city and the quality of life.

**Civil Design, Inc (CDI)** was established in St. Louis, is a full service, multi-disciplinary civil engineering firm. Since its founding in 1996, our team has grown to over 100 team members with five locations, six service lines, and over 40 licensed professionals. CDI's current office locations include St. Louis, MO, Collinsville, IL, Effingham, IL, Jefferson City, MO, and Louisville, KY.

Our experience lends us the ability to generate innovative solutions to project challenges, allowing our team to further the ambitions of our clients and the communities they serve. Our culture is centered around a fundamental commitment to Building Stronger Communities, meaning our team of passionate individuals are dedicated to revitalizing the spaces that contribute to our daily lives.

### Services Offered

CDI is a multi-disciplined civil engineering firm offering civil, site, structural, land surveying, water resources and GIS services, with services separated into six primary service lines: Infrastructure + Analytics, Site, Structures, Survey, Transportation, and Water Resources.

Our service lines leverage each other's knowledge and expertise, implementing quality control measures, enabling unique solutions, and ensuring optimal project outcomes for our clients. With offices in five locations, we utilize our team's varying areas of expertise to

efficiently implement our resources and knowledge, providing a high level of responsiveness to our clients.

### History of CDI in Effingham

In 2013, after learning one of our St. Louis team members wanted to move nearer to his hometown, CDI established its Effingham location. With 7 licensed professionals, 2 GIS specialists, and 18 total team members, CDI's Effingham office has since gathered

extensive experience working with public agencies across Illinois. Locally, CDI's experience includes GIS support for the city, street reconstruction and resurfacing, waterline replacement projects, and professional services for municipal and public works buildings, site developments, parking lots, and entrances across Effingham. CDI also works closely with the Illinois Department of Transportation on many projects throughout the State and is currently designing Phase II of the Fayette Avenue (US Route 40) additional lanes project, which runs from Banker to Long Street in Effingham.

Beyond our professional experience working for the City and State, CDI's extensive community involvement in Effingham includes fund raising for Effingham Crisis Nursery, as well as participation in the City's "Pick it Up, Effingham!" program. Giving back to our communities continues to serve as one of CDI's guiding commitments.

We are ready to **Build Stronger Communities** by meeting all of Effingham's site, structural, and transportation engineering, land survey, water resources, and GIS needs!

**Elizabeth Yager Designs** is an Interior Design Firm that is currently practicing interior design and decorating in the Effingham, IL area. Local designer, Elizabeth Yager, is the principal designer and employs two other designers on her team as well. EYD's services include but are not limited to assistance with floor plans and construction documents, creating 3D drawings of your space, kitchen and bath design, cabinetry design, lighting design, custom furniture, counter tops, flooring and tile, closet design, materials selection, budgeting your project, etc. With a Bachelor of Fine Arts degree from The School of the Art Institute of Chicago, Yager brings expertise to every step of the project.

EYD acquired Kuche Fine Cabinetry & Design in 2022 to expand her business to be able to supply fine cabinetry, counter tops and closets all designed by interior designers. Kuche carries seven

different manufacturers of cabinetry across every budget, so they can service all clients. Adding the Kuche line of cabinets, counter tops and closet systems allows Yager to offer her clients another level of style. Not only did Yager expand her product line with the purchase of the company, she also added much-needed staff and retained the showroom location to meet clients at 814 E. Fayette Ave. in Effingham.

The showroom has been continuously expanding into other areas of design and will allow you to order specialty products such as tile, wood flooring, moldings and trim, doors, custom furniture, wall coverings, light fixtures and so much more. They are a one-stop shop for interior design and will be able to assist clients with any detail in their homes. Interior designers bring a different perspective to the process of remodeling or building, by considering a home's overall aesthetic and keeping cohesion in the overall project. Yager and her team are able to not only suggest design ideas, but also assist with selecting materials from thousands of options, making choices more convenient for homeowners without sacrificing cohesion. Designers are also dedicated to helping their clients get the look they want, within their budget.

**HSHS St. Anthony's Memorial Hospital** is always investing in new technologies to enhance patient care. In November 2022, St. Anthony's became the first hospital in the nation to install and use the newly developed Nautilus operating table and x-ray system from Dornier MedTech. This innovative unit is being used for a variety of urological procedures to examine and treat the bladder, ureters, prostate and kidneys, including removing kidney stones and treating tumors. It gives urologists a high degree of flexibility, increasing patient comfort and enhancing examination quality.

St. Anthony's is also piloting technology to enhance patient safety and communication. To help reduce the chance of falls, the hospital is piloting equipment by VirtuSense™ called VSTOne which uses infrared sensors as "alarms" instead of traditional bed alarms. VSTOne's artificial intelligence and light detection and ranging sensors work together to not just detect, but predict patient bed and chair exits

**HSHS  
St. Anthony's  
Memorial Hospital**

35-65 seconds before they get up. When a patient attempts to exit their bed, VSTOne immediately sends an alert to nurses and techs, while also asking the patient to wait for a team member to help them.

The hospital is also piloting virtual communication boards. Virtual boards are like smartboards used in classrooms but have capabilities to show important information to the patient from their medical chart. When a nurse updates the patient's chart, that info will show in the room, so the patient and their visitors can see exact details of the care they are receiving. The virtual communication boards also allow for telehealth consults with a physician who may not be at the hospital but can evaluate the patient and discuss with care team, patient and visitors in the room together.

#### TESTIMONIALS

**"Through the many events and informative articles sponsored by the Chamber, I have been able to educate myself on many topics relevant to today's business issues. The Chamber has also provided a voice on political issues that could greatly affect the success of our family business. Their voice commands the attention of our lawmakers and allows small businesses, such as ours, to get our message out."**

**John Boos & Co.** proudly partnered with local Effingham businesses and NAFEM (North American Association of Food Equipment Manufacturers) to raise money for Feeding America. Feeding America is the largest national hunger-relief organization in the United States, working to connect people with food and end hunger. The John Boos Feeding America fund raising campaign launched in July of 2022 when John Boos reached out to many local businesses in their community for donations to hold a week-long successful raffle for their 300 employees. The proceeds from the raffle were matched by John Boos (the company) which totaled \$10,000.00. In turn, NAFEM matched those donation dollars for a grand total of \$20,000.00! This amount was presented to the Central Illinois Foodbank, one of Feeding America's organizations.

The John Boos Factory Showroom & Outlet continues to offer cutting boards, butcher blocks, counter tops and food service equipment at their 1703 Avenue of Mid-America location. If you're unable to shop in store, John Boos recently launched a new and improved corporate website that features an enhanced layout design. Most importantly, this website features a new e-commerce store where customers can purchase Boos Block cutting boards directly at [johnboos.com](http://johnboos.com)

John Boos & Co. continued to facilitate growth in the Effingham community by building a state-of-the-art distribution center in addition to their metal facility in 2022. The addition frees up space for John Boos to continue their fabrication of stainless steel food service equipment for the many industries they serve, nation-wide. The Effingham location is a key manufacturing / distribution center that is 300,000 square feet under one roof.

Nearly 300 creative, intuitive, skilled and eager to grow men and women in Effingham County and surrounding areas have found engaging employment at John Boos & Co. offices and manufacturing operations.

Boos Block cutting boards were featured on the Tamron Hall show in December, for her holiday gift guide giveaway segment where she talked about how she has had Boos Block cutting boards in her kitchen for over a decade.

**Layna Bond and Associates LLC** is an American Family Insurance agency located at 100 W. Washington Ave. We have updated our office! Stop by to check out our new look!

Layna Bond is a fourth-generation agriculturist that primarily focused on Angus cattle and raising show pigs. 4-H and FFA are two organizations that Layna grew up very active in. As a Lake Land Alum, Layna knew Effingham would be a great home to start her insurance career.

Giving back to the community is something Layna Bond and Associates LLC believes to be very important and helps build the community. The first sponsorship in the area was at the Effingham County Fair for Master Showmanship! Since July, the agency involvement has continued to grow! Being a member of the Chamber has allowed time to get involved in the community, to volunteer at Hometown Christmas and the chance to be part of this exciting community!

The agency is a full service insurance agency that offers traditional home and auto insurance. We specialize in farm, life, annuities, commercial business owner's, rentals, cycle, atvs, motor home/campers, and so much more! On top of quoting policies, we promise to offer the best customer service for our clients, as it is a top priority for us. Clients are offered personal insurance reviews 1 on 1 so they understand their insurance and can ask any questions they need. It is our job to explain your insurance, understand your insurance needs, and offer the best coverage at the most affordable rate we can.

The agency is always looking to meet new faces and earn the business of our clients! Referral programs allow us to reward those clients who bring in new faces and business!

For more information call us at 217-347-3060 or email us at [lbond@amfam.com](mailto:lbond@amfam.com) to set up a visit today! Let us help you understand how your policies work! We look forward to earning your business soon

**Patton Printing & Graphics** celebrated their 40th Anniversary in 2022 with a "Give Back Thursday" 40 week program on the radio and Facebook live, featuring 40 weeks of 40 charities. The rewarding experience will live with us forever. We cannot begin to thank all the people who touched our lives not only during the program but also over the past 40 years. Patton Printing has always strived to go above and beyond our customers' expectations but in 2022, our customer's went far beyond our expectations.

Thank you for such a humbling experience!

#### Looking into the Future

Patton Printing may be 40 but that doesn't mean we aren't still growing! We continue to look towards the future with new technologies and training to keep up with the ever changing industry. Our goal is to serve our customers and community with quality products and great competitive prices.

With over 120 years combined print, design, & marketing experience, please feel free to contact a staff member with any questions or projects you may have in the future.

*We Design, Print & Promote Your Business!*

**Poss Music Works** is a 501c3 that grew out of the Moccasin Creek Festival and the vision of its founder, Bill Passalacqua, to bring music and culture to the South Central Illinois region. With almost no

money and no computer other than his iPhone, Bill 'Poss' tapped into his family, friendships and professional relationships to start what is now a nationally known and regionally beloved boutique festival that brings hundreds of Americana music lovers to Lake Sara every June.

After the success of the Moccasin Creek Festival, which debuted in 2014, Bill Poss started thinking about other ways to bring great, original music to the Effingham area and the surrounding counties. The festivals, concerts, open mics, youth open mics and sing-a-longs, songwriter workshops all coalesced in 2017 into the corporate

entity that is now known as "Poss Music Works, NFP".

With the help of a core group of volunteers, PMW now presents 3 festivals; Moccasin Creek Festival, Summer Sundown Music Festival and the Little Grassy Get Down. This year PMW will host its first Little Grassy Winter Songwriter Retreat at Touch of Nature in Makanda, IL. The Downstate

Americana Concert Series presents around 12 concerts per year. In recent years, PMW has upped its youth music engagement, hosting artist-in-residence programs, youth open mics, youth music features, Sing-a-Long Saturdays and Songwriter workshops.

Bill Poss says that the response to the youth programming has been remarkable. "We had two primary goals going into these programs. The first was to find the youth who are interested in playing music and giving them a stage, a microphone and an audience. The second was

to inspire more kids to pick up instruments and find their voice and their courage to try it out." The results came in quick and decisive. "There is a remarkable reservoir of talented kids in our region who are excited for the opportunity to get on stage and show us their ability. They inspire each other, and have even started collaborating and making music together. The next generation of local talent is coming along in extraordinary fashion."

In order to fulfill its mission, Poss Music Works NFP is seeking sponsors and donors to support its programming. They need support for these programs to reach their goal of averaging one per week. The demand, and the pool of talent is there, but programs cost money to produce and market.

*For more information about how to become a sponsor or to make a donation, please contact Bill Poss at [possmusicworks@gmail.com](mailto:possmusicworks@gmail.com).*

### Siemer Milling Company

just celebrated their 140th anniversary, where they invited every employee to designate a charitable organization for a \$140 donation made by the company on his or her behalf. They are happy to report that 187 employees designated donations to 106 entities doing good work in

all three of their communities and adjacent areas. 34% of donations stayed locally around Teutopolis, IL; 23% of donations stayed locally around Hopkinsville, KY; 10% of donations stayed locally around West Harrison, IN. The remainder went to charities not geographically focused.

The grand total for charitable contributions made by Siemer Milling Company was \$26,180. The money went to a children's hospital,

disease research, local schools and social groups, churches, food banks, and animal protection groups—a wide range of concerns were addressed.

Beginning on its 125th anniversary, Siemer Milling Company and its employees have repeated this program every 5 years.

Siemer Milling Company is a family and employee-owned company whose primary product is wheat flour milled to different specifications for the making of foods such as cookies, crackers, cakes, pretzels, batters, bread, and biscuits. They are headquartered in Teutopolis, IL and also have mills in Hopkinsville, KY and West Harrison, IN.

TEAM ITS, LLC

### Team ITS LLC

Being an IT Consultant since the 80's, Mike Miller, President, continues to have a vision of offering enterprise class technology solutions to small-medium businesses in Central Illinois. From the beginning, being a small business also, Mike needed the same technology that big businesses used to be

efficient, productive and protected on a small business budget. He has always been passionate about solving difficult technical and business challenges and found products, technologies and solutions that the big businesses were using without needing an entire IT Dept. to manage and run them. As workers now use technology "from anywhere on any device" in the workplace, that has become a

standard part of our world, and the risk goes up along with it. TEAM ITS is there, setting the bar, to guide and provide you with that same big business technology that you need to be efficient, productive and protected in your business.

Sharing in Mike's vision is a whole team of professionals with Eric Kline (Vice-President) and Gary Downey at the core. Eric is responsible for technical back end setup and automation. Gary's role is Technology Alignment Manager and Service Dept. Manager. Mike and Gary engage new and existing clients and architect technology solutions that align with the customer's needs and budgets and Gary also coordinates tier 1 and tier 2 tech support services, and the on site technical support team, onboarding new clients and facilitating new technology installations. Mike, Eric and Gary also provide Tier 3 escalation tech support for the team.

From the beginning, TEAM ITS has been known all over Central Illinois for providing best in class Managed Security Services and

on-demand support as well as being experts in virtualization, secure remote access, remote desktop, active directory, cyber security compliance, Office 365 Cloud, email & spam protection, and VOIP to name just a few along with the most important of all, monitored on site and off site disaster recovery backups, for quick recovery in the event of a ransomware attack or other disaster.

In 2019, TEAM ITS officially opened the Network Cabling and Security Surveillance Division providing premium infrastructure cabling and security surveillance equipment all over Central Illinois with Doug Newkirk as Division Manager.

TEAM ITS has always been early adopters of cutting edge technology and continues to align with best practices and solutions that adhere to the NIST compliance standards (National Institute of Standards and Technology). When the unexpected COVID 19 pandemic hit hard in February 2020, most of TEAM ITS's customers already had the technology in place to move quickly with ease to "work from home", "mobile" and "hybrid" work environments and they didn't miss a beat being able to seamlessly provide support to their customers and users regardless of where they were working from because of virtualization, secure remote desktop services, and remote control via the internet.

The remote work force brought with it a huge surge in ransomware, and unfortunately, ransoms paid by the unprepared. TEAM ITS provides its customers the tools to be prepared which now includes

a 24x7 security operations center that monitors every machine and all network activity to isolate and eliminate threat actors anywhere within their "work from anywhere" business and systems.

TEAM ITS is beside you every step of the way to help with every aspect of efficient technology use in your business. The true measure of their success is visible in their customers' success.

## Washington Savings Bank

In 1883, a group of business leaders established The Washington Loan and Building Association, whose primary purpose was to help its members purchase homes. 140 years later, it is known as Washington Savings Bank and is the largest and oldest customer owned bank in their two primary markets, Effingham and Coles County. Consistent with the mission of its founders, Washington Savings Bank prides themselves on serving their customer/owners, supporting home ownership, and providing capital for small business growth.

The staff of the bank also prides themselves on using their resources to provide financial literacy education to people of all ages. For over 10 years, they have visited local schools teaching over 1,000 junior high students about saving and over 300 area high school students about the importance of credit. In 2022, Washington Savings Bank partnered with the online Financial Literacy Provider, Banzai. With this partnership, the bank provides local schools and community programs with access to free online financial literacy programs and written materials that are relevant to all age groups.

Washington Savings Bank has always placed a strong emphasis on helping and supporting their communities and throughout the years that has proven true time and time again. Their efforts have been recognized statewide and locally. They received the Illinois Banker's Association Community Service Award in 2018, the Community Banker's Association of Illinois' Excellence in Innovation Award in 2019, and last year the Effingham County Chamber Excellence in Business Award. In addition, Bauer Financial has given the bank a 5-star rating for over 30-years—a claim that can be made by less than 2% of the banks in the country.

## TESTIMONIALS

"We were excited to join the Effingham County Chamber of Commerce. We believe it's important to be engaged and involved with our community. I've enjoyed attending several events already. I can see why they were chosen as 2020 National Chamber of the Year by the Association of Chamber of Commerce Executives (ACCE). Thank you to the Effingham County Chamber!"

- Bryan Newswander
