

We are working on building a TRIAD in our five county area to help provide crime prevention and education that have to do with seniors.

This is a group of like-minded individuals who are coming together to keep people aware of scams and frauds against seniors. TRIAD began as a national initiative sponsored by the American Association of Retired Persons (AARP), the international Association of Chiefs of Police and the National Sheriff's Association.

TRIADs are being developed throughout the state of IL to promote crime prevention for older citizens, especially when scams and frauds being in the forefront. The main goal is to create a better response to the critical issue of crimes against seniors.

These TRIAD groups consist of Law Enforcement officials such as county sheriffs, municipal chiefs of police, senior community advocates, community activists such as local social services, legal representatives, elderly rights advocates, Adult Protective Services, and seniors from the community.
